2 Purpose and Scope

2.1.1.1.1 Purpose

The purpose of the 30498QLD Course Corporate Fees and Charges document is to outline to Corporate Clients the details of fees and charges applicable to the 30498QLD Course in Pressure Equipment Operation conducted by DTW Designs Qld Pty Ltd under its Scope of Registration as an RTO.

2.1.1.1.2 Rationale

The document outlines the way in which charges and fees are applied to ensure Corporate Clients are fully aware of what they are levied for and the services and products provided.

2.1.1.1.3 Applies to

This document applies to:

- Corporate Clients who engage DTW Designs Qld Pty Ltd to provide training and assessment services.

3 Training & Assessment

3.1 Training Fees

3.1.1 Overview

Fees are based on a two week (10 days) theory course covering the 30498QLD Course in Pressure Equipment Operation and the Steam Power and Co-Generation Course DVD Training Program. The two week course covers all boiler and turbine theory.

If only the Boiler or Turbine theory is required then this will be covered over a five (5) day period and the fees applicable to that period are applied.

3.2 Course Investment Calculator

A Course Investment Calculator is available to calculate the investment based on the following fees.

Note:- That GST is not applicable to this course where the trainee is completing the course for the purposes of High Risk Work Licences required to obtain work in the field.

The calculator does not include Additional Time if requested. Go to the Course Investment Calculator.

3.2.1 Enrolment Fee

An enrolment fee of \$110.00 will apply for all enrolments and covers the requirement for registration to the training database and recording of results.

3.2.2 Mentoring Fee

A mentoring fee of \$70.00 applies to all enrolments and covers the provision of phone and email support.

3.2.3 Workbooks Fee

The course utilises an 9 volume series of workbooks. The Workbook Fee is \$35.00 per volume.

3.2.4 Text Books and Steam Tables

Boiler Operator and Turbine Operator Handbooks and Steam Tables are recommended additional resources and fees are as per the Course Investment Calculator.

3.2.5 Course Fee

The course fee for the complete theory course over two weeks is \$13000.00 and includes the following:

- Course delivery for three (3) trainees

3.2.6 Additional Trainees

For each additional trainee a Fee of \$600.00 applies.

3.2.7 Additional Time

Where a client requires the course to be conducted over additional time to include plant specific information the day rate for training for additional days will be \$1300.00.

3.2.8 Travel and Accommodation

Costs for travel, accommodation and living away are additional and will be provided as an estimate and itemised on invoices at cost price.

3.3 Assessment Fees

3.3.1 Overview

Assessments vary in the time taken to perform them based on site operating conditions and other factors. For this reason costing is based on the expected duration and an hourly rate.

3.3.2 Fees

Preparation for assessment and recording of results incur a fee of \$110.00 each.

The current hourly rate for assessment is set at \$165.00 and will be itemised for each unit being assessed.

3.3.3 Travel and Accommodation

Costs for travel, accommodation and living away are additional and will be provided as an estimate and itemised on invoices at cost price.

3.4 Payments

3.4.1 Payment for Services

Payment for services is **strictly 14 days** from invoice date. A late payment fee of 1% per day will be levied for late payment.

3.4.2 Special Circumstances

If there are any special circumstances relating to payment that are required to meet the needs of your business please discuss these with the DTW Designs staff.
